Explanation, Rules and Form

It's been three years since I last edited this book. Three. Years.

So, uh, hey, might as well boot this thing up again, why not?

I kind of forgot honestly what my "form" was before, so as long as you give me the characters you need, the fandom (if it's from a fandom) you're referencing, whether you want it to rhyme or not, and what the general prophecy needs to be about, you should be okay. Oh, and whether you want it posted or not. Just pm me the details. Or just comment, it doesn't really matter.

On with the requesting!

Stay classy, Wattpad!

Prophecy for xXScarclawXx

Heat will come on Sun's gentle wing....
Lol jk jk

Here's the real one:
Fire has once saved the clans,
But now Starclan needs help again
Only the one of heat and flames
Will take the evil and make it tame.

Ehhhhh was that good? I tried.

Oh yeah, so I decided to hit "paste" to see what I copied last, and this is what came up:

Weeeeellllll..... Who says its a lung procedure?

Btw I love your profile picture

I don't remember commenting that at all.... 0_0

Guyyyyys.....

Spottie: *playing kazoo*
Hawkstar: What are you doing?
Iceclaw: *twirling snowflakes around* She's bored.
Hawkstar: Oh. Where's everyone else?
Iceclaw: Well, Tigerlily went off to draw, I'm sitting here messing around, Spottie decided to work on her kazoo skills, and.....I don't know where Bram is.
Hawkstar: Huh. Well.....why is everyone so bored?
Iceclaw: NOBODY IS COMMENTING A REQUEST.
Hawkstar: Ah. That is boring.
Iceclaw: Yeah. I- *gets bowled over by Bramblenose* AGH!
Bram: Hey guys! *holds up kazoo* Is Spottie still practicing?
Hawkstar: *sigh* Yes. She's over there.
Bram: Thanks!

PLEASE PLEASE PLEASE PLEASE PLEEEEEASE REQUEST GUYS I'M SO BORED

Prophecy for ballycroy

Evil is natural
For the shadows around
But when one is a leader
To good he must be bound
If Starclan cannot stop him
Then the warriors may be doomed
To a horrible life
With days filled with gloom

Yaaaaas!
I didn't fail (I don't think)
Did I spell your username right? I think I did.
By the way, don't forget to tell your friends about this I SERIOUSLY DO NOTHING ELSE BUT COMMENT ON HERE

Prophecy for ballycroy

Horrible sickness has plagued the clans
And only four can really save them
Two together, both Night and Day,
One made of Metal as their name would say,
One made of Thorns, but they really don't bite.
All four must meet in the Tree of Tonight.

BOOM.
THAT WAS HORRIBLE.
I mean, if you like it, that's good but I feel like that one kinda didn't turn out well.
Ah well.
I really hope you like it!

Prophecy for HarryMarvelNicoGeek (Btw, I love your username)

The cat made of Silver,
Both body and name,
Will unite with the dark side,
when she calls out his name.
Together they will defeat the tribe of Bloody Thorns,
But however the demon may be hated and scorned.

Ayyyyyy!
Nice to see a new person around here.
Don't think I did good on this prophecy, honestly it seems like I say that on every single one though, so don't worry.

A/N

Wow.
I feel so awesome with three people asking for prophecies XD
I don't know if that's sad, or just plain awesome
THANK YOU FOR USING THIS.

Prophecy for Mineral_Wolf

Sees that someone commented on this story for a prophecy
"AILUERGLJIWERBFBLJKADFVLJBKLNBKADFVLBJIASFRUHILLJHIQER
frantic kazoo playing

Blue and Red will forge their own current
From the river of destiny
Even Starclan will not know when or if they will ever return

Eh
My brain doesn't want to work today
If you need a redo please just ask!

Prophecy for kew0909

Aaaaaaalrighty

Here we go

The night is always seen as the dark side of the moon
But this time the shadows will save us soon
From the feline with the rain in its name
To which the memory all cats will retain.

This might've been one of my better ones. I think.
Sorry for not including Sharpclan. I wasn't able to get a lot of information about it, so if you could include a little more that'd be great. :3

Prophecy for smarthollyleaf

The evil of the Dark Forest
Will rise up and take down the clan of the sky
Only the three born from the reaper
Can take back what was theirs
And restore peace to all

Ooooooooh
I actually think that was one of my better ones
Thanks for commenting!

Updated Prophecy for kew0909

Sorry about not being able to write, I explained it in the PM I sent to you. Again, I apologize for not writing anything down for you. Where were we..... Ah! Yes, here we go:

The night is always seen as the dark side of the moon
But this time the shadows will save us soon
From the feline with the rain in its name
To which the memory all cats will retain.
However before the peace has lain
A clan with bitter grudge shall bring forth unbearable pain

Dun dun duuuuun
I have completed it! Thank you for commenting here. Remember to tell your friends and followers! I seriously need some business.....

Prophecy for _-Fantastica-_

I return, after many years of not posting anything on this book! Here's the prophecy:

Years have come and go, the Deciders know,
But the need for vengeance can only grow.
Those forgotten wish for recognition
Ina world where only gods are mentioned.
Two terrible creatures to help the dead
Two legendary twins to help defend
The world where the forgotten will strike
There are only two that are able to fight.

Therrrrrre ya go! Your story sounds really cool, by the way, @_-Fantastica-_

Stay classy, Wattpad!
